

Fifteenth Anniversary Edition

A FIVE-YEAR PLAN TO ACHIEVE THE MISSION OF FLORIDA'S SEAPORTS *2004/2005-2008/2009*

The Mission of Florida's Seaports

The collective mission of Florida's seaports is to enhance the economic vitality and quality of life in the state of Florida by fostering the growth of domestic and foreign waterborne commerce. Each of the seaports furthers this statewide mission at the regional level by providing facilities and services that both expand the economic opportunities available to the local community for trade and tourism and enable the seaport to compete effectively in global markets.

Contents
