PROJECT NAME: _____

FDOT DISTRICT: _____ **COUNTY:** _____

PART C - PERMIT INFORMATION

The Department of Transportation (FDOT), Department of Community Affairs (DCA), and the Governor’s Office of Tourism, Trade and Economic Development will be reviewing each project for conflicts with state transportation or growth management plans – including approved local government comprehensive plans of the units of local government in which the port is located.

If permit approvals have been applied for and received, the application must include any requisite dredging, dredge material disposal site, or other environmental permit approvals received either from the U.S. Corp of Engineers or the Florida Department of Environmental Protection.

The applicant may also provide any pertinent materials or information that describes the dredging project, or delineates the status of permits with the U.S. Corp of Engineers or the Florida Department of Environmental Protection.

PART D - ECONOMIC BENEFIT ANALYSIS

Governor's Office of Tourism, Trade and Economic Development

The Governor's Office of Tourism, Trade and Economic Development will be reviewing each project in terms of its economic benefit – measured by the potential for the proposed project to increase or maintain cargo flow, domestic and international commerce, and the number of jobs for the port’s local community.

I. THE ECONOMIC ANALYSIS FOR THE PROJECT MUST AT LEAST ANSWER THE FOLLOWING QUESTIONS:

- A. On what projections of additional service or capacity is the project based or how is it needed to maintain existing service or capacity?
- B. Compare present activity (cargo or passenger) at the port with anticipated increases in activity resulting from completion of the project.
- C. What is the expected life of the project?
- D. What type of existing employment is supported by the project? Will the project provide support for any new employment? (If so, please explain estimated employment and wages)
- E. What port or local government revenue estimates are associated with the project or will result from the project?
- F. How will the port project affect and enhance the local, regional, and state economies?
